

Heritage of Industrial Modernization

Bungo Mori Roundhouse Park Course

The Kyudai Main Line connects Kurume and Oita. The roundhouse is the only surviving fan-shaped train depot in Kyushu. The park's popular attractions include a mini train ride and plastic sheet craft-making in the museum.

③ Bungo Mori Roundhouse Museum

Based on the concept of playing, learning, and enjoying history, the museum allows visitors to appreciate railroads while taking note of their history.

② Traces of machine gun fire

August 4, 1945
U.S. fighter jets attacked and damaged the engine room, killing several people. The traces of the bullets are still visible today.

Turntable

The steam locomotive is pulled in from the main line and placed on the turntable to rotate freely in any direction.
